The National Job Bank is a National Employment Service that offers free information on Guyana's labour market. The Job Bank provides users, both employers and job seekers, free career information such as job opportunities, educational requirements, main duties, and current employment trends.

The mandate is carried out by the Ministry of Labour, where we provide a safe space for jobseekers to view the latest vacancies and employers to screen potential employees based on information provided, before even conducting an interview, via our website jobs.gov.gy.

HOW CAN WE HELP YOU? EMPLOYERS SEEKING STAFF

We can help you find the ideal person for the job. Our platform will allow you to choose from a plethora of eager and interested jobseekers based on the skills and qualification you require. This can help to cut the time spent awaiting and sorting through applications and shortlisting of candidates.

HOW THIS WORKS FOR? EMPLOYER?

- 1) You will have the opportunity of interacting with jobseekers online.
- 2) You will also have the opportunity of viewing jobseekers' profiles along with their application online and arrange an interview upon finding suitable candidates.

WHY SIGN UP WITH THE NATIONAL JOB BANK?

It is another means of advertising your vacancies or for jobseekers finding employment. **This service is FREE!**

It is convenient for both employers and jobseekers.
